

The much awaited Alumni Meet 2017 at the Army Institute of Technology, Pune kicked off with a bright start at 9 A.M on 23rd December 2017, keeping in mind the theme, 'Carnival'. As the alumni trickled into the college, taking a walk down the memory lane, they were whisked off for a departmental interaction, for each of the four departments. The alumni interacted with the students as well as the faculty, followed by lunch. The highlight of the day was definitely a talk by Dr. Ganesh Natarajan, Chairman, 5F World, Global Talent Track, Skills Alpha on 'Technologies of the Future', which the students found highly riveting and informative. In the main program, Brig Abhay A Bhat (Retd), Director, presented journey of AIT, in terms of achievements, new initiatives and future plans. Felicitation of distinguished alumni took place by hands of Dr BP Patil, Principal. Mr Roshan Khan (AIT Alumnus), Director-Technology, Amadeus Software Labs India Pvt Ltd expressed his views on "Changing World". There was an Open House, in which alumni expressed their views and interacted with alma mater. Later, the alumni and students went head-to-head in a sports session, where they realised age is definitely no barrier when it comes to any sport! This followed by a group photo where the alumni proudly wore t-shirts, adorned by the insignia of their alma mater, designed specially by the PR team of the college. The evening was marked by the glittering performances of the college band and the choreo team, which was enjoyed by each and everyone present. This was followed by the cake cutting, after which there was a vigorous jam session. The Alumni Meet attended with heavy hearts and hopeful eyes, already looking forward to it in the coming years.
