OPEN LETTER TO PROSPECTIVE AIT-IANS FROM AN AIT ALUMNUS

Fresh out of school and confused about making the right choice?

Don't be in a hurry. A single decision has the power to change your life completely. You have a passion for a particular subject but you are too mesmerized with the brands like IIT and NIT? It's high time you rise above such shackles. Unless you have an exceptionally good rank that fetches you COMP/ELECTRONICS/MECHANICAL and related branches in the traditional IITs and NITs there is no point in looking forward to them, making a compromise with your interests just to go by a brand??

As you read on, I will be enlisting the reasons why AIT is the best place to start your college life. My views are not in any way intended to sell the brand AIT. Whatever I enlist here is purely an outcome of my experience in the college for 4 years and I am totally contented with where I am today and I take pride in claiming that I am an AITian!

The Name speaks it all. An Army College with a great managing body, exceptionally good teachers, a perfect assimilation of the wards from almost every state keeps the diversity intact and very comfortable.

The very first thing that we look for from a college is the infrastructure. Luckily, AIT boasts of state-of-art infrastructure, close to nature surroundings, latest facilities in terms of great classrooms, labs and libraries with Wi-fi facilities, interactive projection systems and MOODLE based teaching learning process, comfortable hostels and excellent sport facilities. AIT houses the latest of everything. That's what makes learning a delightful experience here.

AIT has exceptionally brilliant and senior level teachers in its faculty pool. After its students, the faculty members are undoubtedly AIT's biggest asset. The college has various activities throughout the year which help students to improve themselves in the areas they are weak at. Be it Elocution, Debates, Dramatics, Dance, Sports, Music, Robotics, Mathematics, Karate, Yoga etc. Every talent is nurtured and given importance. There are a lot of clubs which are dedicated towards growing students as individuals and help them carve out a distinct individuality of their own. BAJA, SUPRA, Open Source Software (OSS) and Robotics Clubs, to name a few attract one and all. Student technical teams have won numerous prize monies of as high as Rs 1.00 Lac and Rs 75,000/- as first prizes in various National Competitions.

AIT has a dedicated Incubation Centre which helps in arranging for Institution-industry interaction with industry experts conducting guest lectures and workshops / seminars. This is how students get to learn a lot more than they learn through books.

Needless to say, the students are motivated and recognized for all the great things they do. There are rewards and recognition in terms of the scholarships. The AGIF (Rs 40K) for 288 students, ZS Associates (Rs 1.5 lac each), Persistent, DLF, Lila Poonawala and HORIZON sponsoring more than 50 students (Rs 40 K each), the Tata-Merit and Indian Express Scholarships (20K) for toppers, and Merit-cum-Means to approx 70 eligible students engenders a keen sense of competition and the urge to excel amongst the students. Flipped classrooms using Edvelop and MOODLE lesson plans, MOOC courses on wi-fi and training programs arranged by the college for beyond-syllabus learning, which are very essential for a good placement nowadays.

College also encourages students to participate in the activities of research and helps them to take part in International Conferences . The Student Council is an integral body of the college and students representatives help in communicating the needs and grievances of the students. The college also boasts of one of the most magnificent Inter College Technical Fest where students from across the country participate and showcase their talent. Other Inter College events include the Hammer Away which is the Annual Debate Competition and also PACE which is the Inter College Sports Fest. Since last year they have introduced a Choreography competition and Battle of Band as well. Coming to the most important aspect – Placements. Yes, AIT does not fall short here . We have an exceptional history of the number of placed students in every batch, which is usually more than 90%. A large number of multinational companies like Microsoft, Google, Deloitte, Accenture, General Motors, Godrej, etc. hire students from AIT. In the current passing out batch, the top 3 placements are of Rs 32.5 lac, Rs 24.0 lac and Rs 18.0 lac in premier MNCs. And what adds to the glory of AIT is its exceptionally awesome pool of Alumni who are doing great in various fields. Within a short span of 20 years our past students have made their impact not only in India Inc. but also at global level. Our alumni are working at senior positions in organizations like Microsoft, Google, Deloitte, Facebook etc. There is a large contingent of 130 odd alumni in the Indian Army, the senior-most having made it as Colonels.

So In short, AIT is a great college to be in. Why join some other college after compromising with your interests and aspirations when this one is as good as a college can be.

To sum it up for AIT, We are what we repeatedly do; Excellence is not an act but a habit!

Best of Luck!
